Subject: Uber

To whom it may concern:

Uber is a great service and one that I have used dozens of times with no issues or concerns. The drivers are friendly and drive safely because they are their own vehicles. This differs dramatically from taxi drivers which I have had the unfortunate pleasure of taking several times only to not feel safe, be charged a very high rate, and never left with a pleasant experience. Uber is a great model for the future and I encourage the reversal of the decision to ban Uber from the state of South Carolina.

Thank you for the consideration.

David

Find something else to bother. I wish Uber was still in SC. Very disappointed.

You need to immediately reverse this decision which you have exercised which directly stands in the way if free enterprise and commerce - I will join ANY class action suit against this government intrusion into our lives - the state of South Carolina should be outraged at this - I support Ubers efforts to fight this
